

Malibu Institute – TR071735-(3) Aerials & Legend

Aerial

Aqua outlines show development parcels

Pale yellow hatching – Proposed Santa Monica Mountains SEA

Pale blue hatching – Proposed Santa Monica Mountains SEA, Coastal Zone

Green dash-dot line separates Coastal Zone to the south from North Area Plan of the Santa Monica Mountains to the north

Blue stipple – Significant Watersheds: Project is in Trancas Canyon Watershed, part of the Trancas-Zuma Significant Watershed

Brown dash-dot lines show Significant Ridgelines. The one east of the project separates Trancas Canyon on the west from Zuma Canyon on the east. The Zuma Ridge Motorway and Backbone Trail are located on this Significant Ridgeline.

Bioconstraints

Legend items same as for Aerial above, except division between Coastal Zone and North Area Plan is represented by a **solid gray line**. Straight solid gray lines show boundary between Ventura and Los Angeles Counties.

Pale green solid area is National Park Service land

Green stiple areas are ESHAs (Environmentally Sensitive Habitat Areas, 2 on Project area proposed for conservation)

CNDDDB locations:

Magenta streamcourse areas: **Southern Live-oak Riparian Forest**, East Branch, Arroyo Sequit

Green area on far west, **Marcrescent Dudleya**, *Dudleya cymosa* ssp. *marcescens*

Red area on far west, **Santa Monica grasshopper**, *Trimerotropis occidentilodes*

Project Area CNDDDB locations:

2 Green areas northwest of Mulholland Highway: **Lyon's Pentachaeta**, *Pentachaeta lyonii*

2 Green areas in ESHA of Project area proposed for conservation: **Plummer's mariposa-lily**, *Calochortus plummerae* & **Lyon's Pentachaeta**, *Pentachaeta lyonii*

Red area east of large golf course pond: **coastal whiptail lizard**, *Aspidoscelis tigris* ssp. *stejnegeri*

Red area in south access area: **Cooper's hawk**, *Accipiter cooperii*

Green area on Trancas-Zuma Significant Ridgeline: **Slender mariposa-lily**, *Calchortus clavatus* var. *gracilis*

Large green area just east of Project development area: **Slender mariposa-lily**, *Calchortus clavatus* var. *gracilis*

Large green area far east of map: **Santa Susana tarplant**, *Deinandra minthornii*

Small green area within overlap of Slender mariposa-lily and Santa Susana tarplant, **Lyon's Pentachaeta**, *Pentachaeta lyonii*

I Want To...
